Welcome To Our Office!

About Dr. Chase Hayden, DC, QN, ACN, PAK and Dr. Amber Horsley, DC, Acupuncturist:
We are Holistic Practitioners. We specialize in Complementary and Alternative Medicine through the use of Clinical Nutrition, Quantum Neurology Rehabilitation, Professional Applied Kinesiology, Acupuncture, and Chiropractic care. These techniques create a focus on a drug-free, non-surgical approach to the individual patient. Our vision is to guide and mentor patients to achieve their health and wellness goals through supporting the underlying cause of the patient's symptoms.

At your appointment:
We appreciate the fact that our patients have schedules to maintain, so we do our best to run on time. This insures that you know when your appointment begins and ends and can make plans accordingly. This also insures that you get the full time with the doctor. In order to maintain scheduled office appointments, nutritional and rehabilitative office sessions are not performed in the same appointment.

Cancellation Policy:
If for some reason you have to reschedule or cancel your existing patient appointment we do ask that you give us 24 hours notice. (If we do not answer the phone, please leave a message because the machine will identify the date and time that you called.) By giving us 24 hours notice, it allows us to fill the spot with another patient on our waiting list. If we do NOT receive 24 hours notice you could be subject to a percentage of the scheduled visit that was missed. ($50 for existing patient, $150 for new patient)

Office Fees:
Our fees are based on the time that you spend with the doctor and services rendered. A new patient office visit is approximately 1-1.5 hours with the doctor and existing patient office visits or phone consults are 15-30 minutes. Due to the complexity of the injuries in each individual, we cannot guarantee a time frame for each office visit.

Patients that present with documentation of the accident, and have confirmed Personal Injury Protection on their policy will not have initial out of pocket expenses. Those that do not have confirmed coverage, will have a $500 cap of services before care can continue, or financial arrangements can be made.

* New Patients seen within 48 hours of scheduling their initial exam MUST pre-pay for their visit.
* X-rays and laboratory tests, if needed, are performed outside of our office.

Referrals:
Our office has been built on friendly referrals. We appreciate you telling your family, friends, and coworkers about the services we offer, and the progress you make while helping you achieve your health and wellness goals. As a way to say “Thank You” to our existing patients, a $10.00 coupon will be credited to your account to be used on your next office visit when a New Patient cites you as their referral source.

Payment:
Payment is due at the time of services rendered, unless PIP coverage has been determined. We accept cash, check, and credit cards (No American Express). We provide the 3rd party payer the information needed for payment.

I have read and understand the above information and I accept the policies of The Hayden Institute.

DOCTOR-PATIENT INFORMED CONSENT

HEALTH AND WELLNESS
We want our patients to be informed about our goals and philosophies, and what to expect from The Hayden Institute in regards to how we work to achieve health and wellness for you and your family. It is our premise that nutrition, and a properly functioning nervous system are the building blocks of life. When these foundational aspects are balanced, it allows the body the opportunity to use its own naturally occurring recuperative abilities. With this in mind, we seek to restore health through a natural means without the use of drugs or surgery (If medication or surgery is warranted we advise the patient accordingly). We do this by balancing the nutritional needs and restoring optimal neurological communication through a variety of techniques. We believe by supplying our patients with the building blocks of life, we give their body the maximum opportunity to utilize its inherent recuperative powers. We do not claim to treat or cure any specific disease or condition. The doctors at The Hayden Institute provide a specialized, unique, non-duplicating health service and are licensed by the state of Texas in their special areas of practice.

ANALYSIS AND APPROACH
Your doctor will conduct a functional analysis for the express purpose of determining the nutritional, and/or neurological deficiencies that hinder you from optimal wellness. Through various Complementary and Alternative Medicine techniques, your doctor will identify any nutritional, neurological, or structural imbalances that are contributing to the symptoms that you are experiencing. The doctor will utilize the aforementioned safe, drug free and non-invasive techniques to help you achieve your wellness goals.

RESULTS
The purpose of our office visits is to promote natural health through the stabilization of the nutritional, neurological, and structural systems of your body. Due to the individuality of each patient, it is difficult to predict the healing time needed for your specific presentation. For most patients, a response is seen quickly, however, in some cases there is a more gradual change in their symptoms. Two or more similar conditions may respond differently to the same type of care and actual response time is unpredictable. Many medical difficulties have found significant benefit through the approach we use at The Hayden Institute. Our doctors will work with you to help you make an informed decision prior to being accepted as a patient in our office.

DIAGNOSIS
Although the doctors at The Hayden Institute are experts in the analysis of the nutritional, neurological, and structural aspects of the human body, they will not make a diagnosis outside of their scope of practice. Patients that require additional testing (MRI, XRAY, Blood, Stool, etc) will be informed and have access to those reports at any time.

INFORMED CONSENT - OFFICE SERVICES
By signing this page the patient gives the doctor permission and authority to use Complementary and Alternative Medicine techniques to assist in the achievement the patient's desired level of wellness. It is the responsibility of the patient to make any diagnosed or observed deformities, injuries, illnesses, or other pathological conditions known to the doctor in order to receive the most optimal care.

INFORMED CONSENT - TESTIMONIALS AND RESEARCH
The patient also gives permission to utilize audio, video, and written information, according to HIPAA guidelines (no use of complete names, address, etc), for research, presentations, promotional material, and other office applications should the doctor deem the case appropriate. Promotional testimonials may be edited for print and online distribution if needed.

By signing below, I agree to all of the above statements.
